From the Vice Chancellor's Desk

Warm Greetings to all!

It is indeed a matter of pride and pleasure to watch the rapid strides this young university is making. Semester-end examinations for 2nd semester UG and PG students have been flawlessly conducted by the University Examination Section.

For a learner, allround development is essential to success in today's competitive world. I am glad to observe that our students and teachers attach equal importance to curricular, co-curricular, and extra-curricular activities. During the last three months, the university campus was abuzz with programs and activities of various kinds. The NSS cell of our University organized a mega plantation drive to create Amrit Vatika as part of the Mera Mitti Mera Desh program in the new University premises at Janthuluru. Independence Day Celebrations at the University Campus were a solemn occasion to recollect the great sacrifices made by martyrs and heroes of India. The landing of Chandrayan-3 was a historic moment for the nation and the students and faculty of our university partook in the joy of our distinguished scientists. It was a miracle that created faith in us all. National Sports Day was another august occasion which was celebrated with zeal at our campus.

Sanskrit is one of the most ancient languages in the world. With the noble objective of bringing Sanskrit within the reach of all, a ten-day Sanskrit workshop was organized in our university. I hope the young minds will get ignited by learning Sanskrit, which is at the core of Indian culture. World Tourism Day was observed in our premises on 26th and 27th September with the focus on sustainable development and eco-friendly tourism.

It is heartening to see that there was an overwhelming response to the programs introduced this year. I am happy to note that more states have been represented than last year. Thus there is a greater diversity. The NSS Unit of our university organized an on-campus clean drive as a part of the Swacch Bharat in September.

I am glad to note that two members of our faculty, Dipankar Dey and VSS Shreya, received doctorates in Political Science and Tourism Studies respectively. I congratulate them both on their accomplishment.

The University is marching ahead on the path of excellence. "Though much is taken, much abides." We have a long way to go but I am sure we will be able to reach our goal.

JULY

2023

10th & 11th - Visit to conference at Rasthra Pathi Bhawan, Delh

14th & 15th - Visit to Central university of Bilaspur

Political Science 3rd Semester and Mahendra Kumar Thakur, a student of BA (Hons) Political Science 5th semester won prizes.

Cyber Security Summit at Christ University

The Cyber Security Summit at Christ University proved to be a pivotal gathering for cyber security enthusiasts, professionals, and students. The event aimed to address the latest trends, best practices, and innovative solutions in the ever-evolving realm of cyber security. The summit offered a comprehensive overview of the current trends in cyber security, including emerging threats and evolving attack vectors. Our attendees gained valuable insights into the changing landscape of digital security. Industry experts shared best practices in cyber security, covering topics such as risk management, threat intelligence, and incident response. These insights will undoubtedly contribute to enhancing our organization's approach to safeguarding sensitive information. Cutting-edge technologies and strategies were explored, providing our faculty and students with exposure to the latest tools and solutions in cybersecurity. This knowledge will be instrumental in fortifying our organization's security posture. The summit facilitated meaningful discussions and networking opportunities with industry experts and fellow professionals. Our attendees were able to exchange ideas, share experiences, and establish valuable connections that can potentially lead to collaborative initiatives in the future. The knowledge and insights gained from this event will undoubtedly have a positive impact on our organization's approach to cyber security.

The following are the faculty, Staff and students will attend the summit.

- 1. Mr.Sumanth Paranjii ,IT Consultant
- 2. Dr.P.Sumalatha, Faculty, Dept. of Artificial Intelligence & Data Science
- 3. Dr.C.Dhanunjay Kumar ,Faculty, Dept. of Molecular Biology
- 4. Mr.Suleman, IT Staff

5. Abhishek Tripati, Student6. Apoorva Misra, Student

Valedictory Address at the

"International Seminar on Earthy Echoes in English Literature"

Prof. VVN Rajendra Prasad gave the Valedictory Address at the "International Seminar on Earthy Echoes in English Literature" organized by the Department of Languages and Literature - English, Sri Sathya Sai Institute of Higher Learning, on 29 and 30 September 2023. Describing ecocriticism as a distinctive approach to the practice of literary criticism, he observed that all ecocritics share an environmentalist motivation of some sort. He affirmed that Indians were ecocritics ages ago, and our Vedic texts, our most precious heritage literature and world's oldest literature, were truly ecocentric. Prof. Prasad also touched on the difference between anthropocentrism and ecocentrism. He concluded with an ecocritical study of Kurt Vonnegut's novel *Galápagos*.
